Figma component	 Open in Figma
Status	Healthy

Eyebrow is a short label positioned above a [headline](#). It indicates a category or topic, such as “News” or “Case study”, helping users quickly understand the context of the content.

Anatomy

- [Light mode](#)
- [Dark mode](#)

1. **Em-dash:** Visually separates the eyebrow from other content.
2. **Text:** Displays the eyebrow content, which typically indicates a category, topic, or grouping for the associated headline.
