Figma component	 Open in Figma
Status	Healthy

The share component enables users to share content through multiple channels. Clicking the share button opens a menu that can contain options such as Email, LinkedIn, and copying the link to the content.

Anatomy

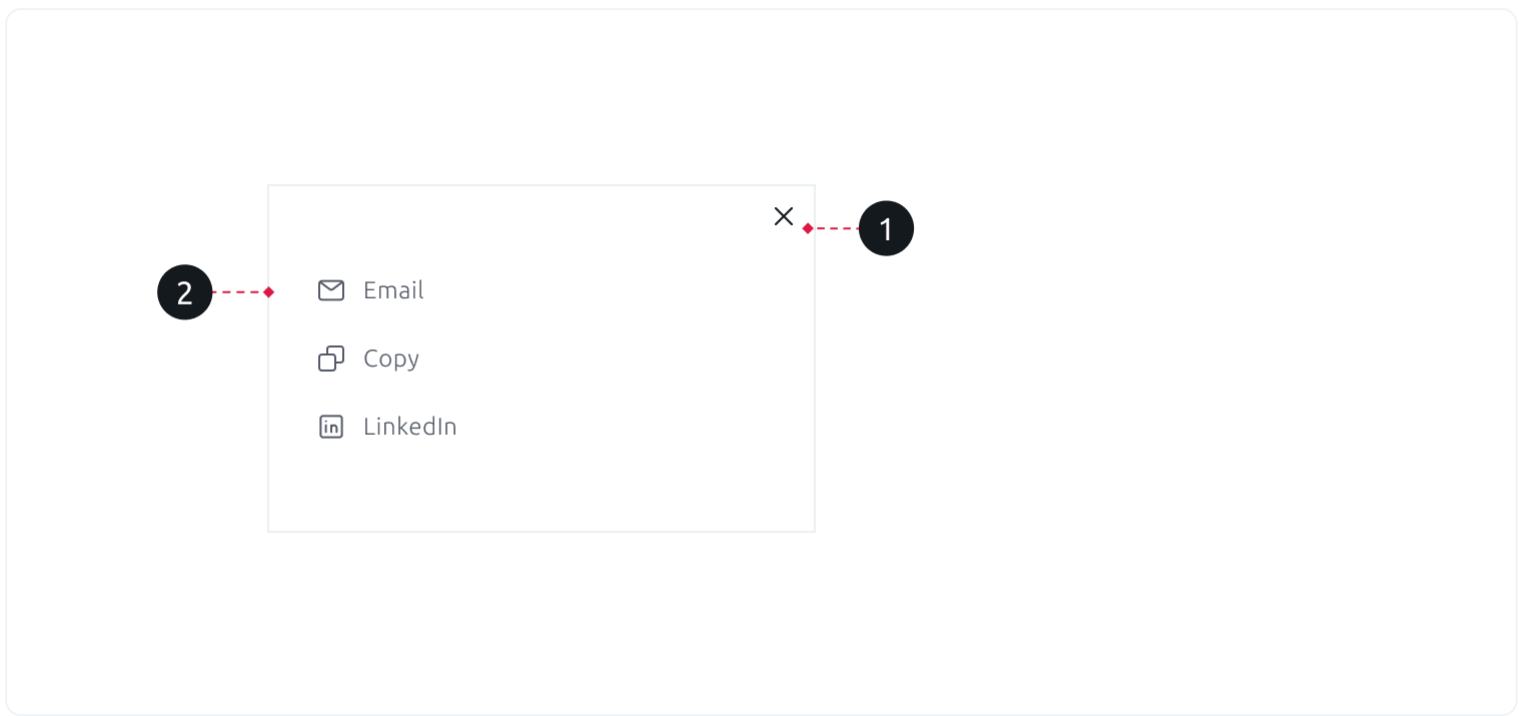

Share button

1. Share icon
2. Share text: Always displays the word “Share” in the site’s language.

Share menu

- [Light mode](#)
- [Dark mode](#)

1. **Share menu:** Displays the list of share options.
2. **Share menu item:** Each includes a relevant icon and label.
3. **Close button.**

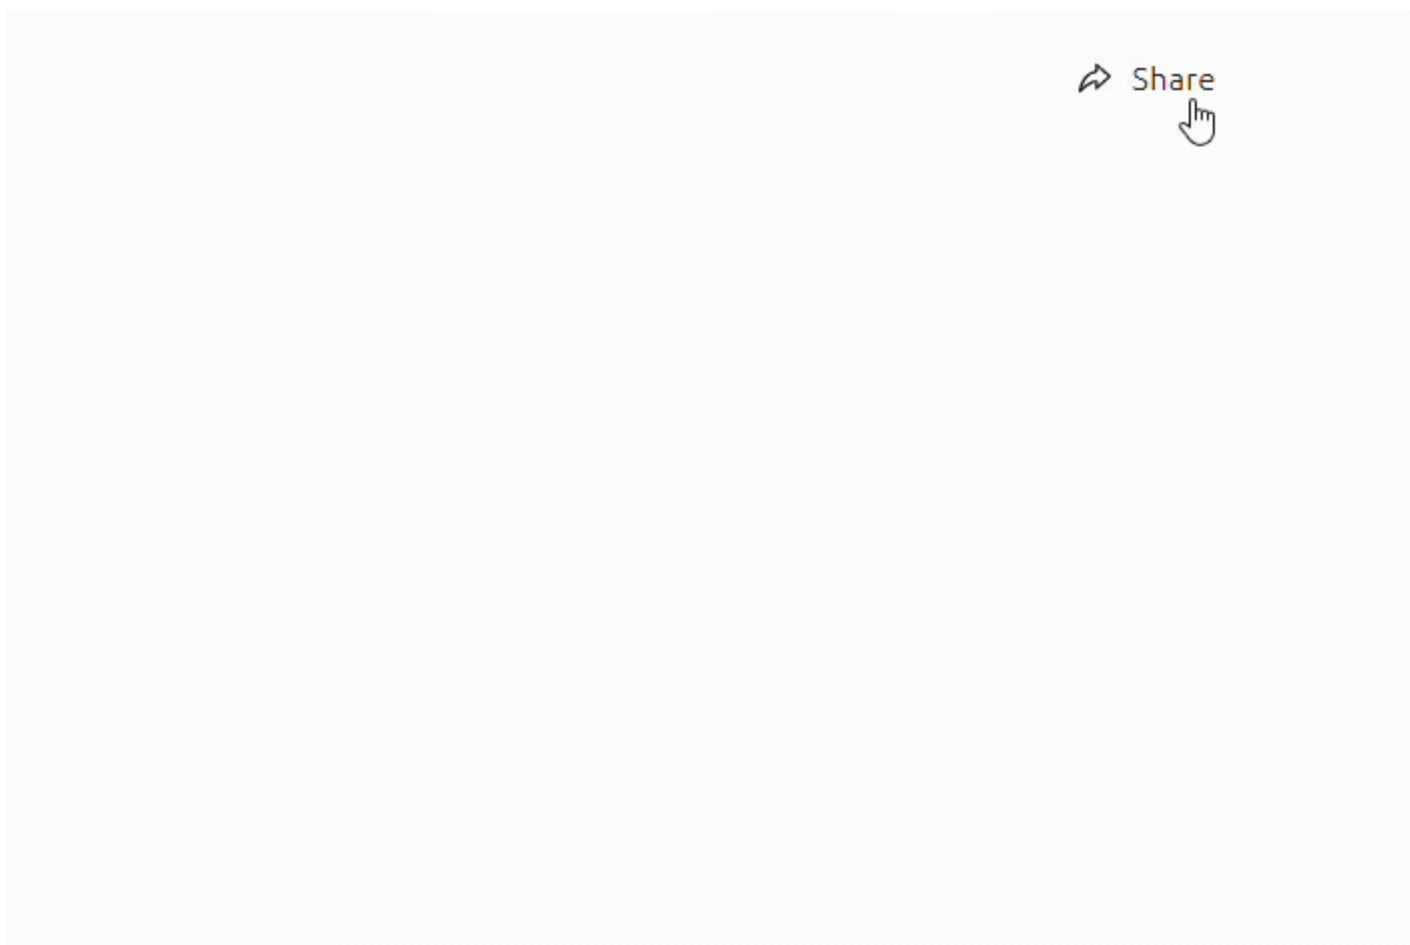

Variants

The behavior and appearance of the menu will differ depending on the [viewport](#).

Behavior

Desktop and tablet

Clicking the share button opens a floating menu with sharing options. The menu appears near the button and can be closed using the close button in the top-right corner of the menu, or by clicking outside of the menu.

Mobile

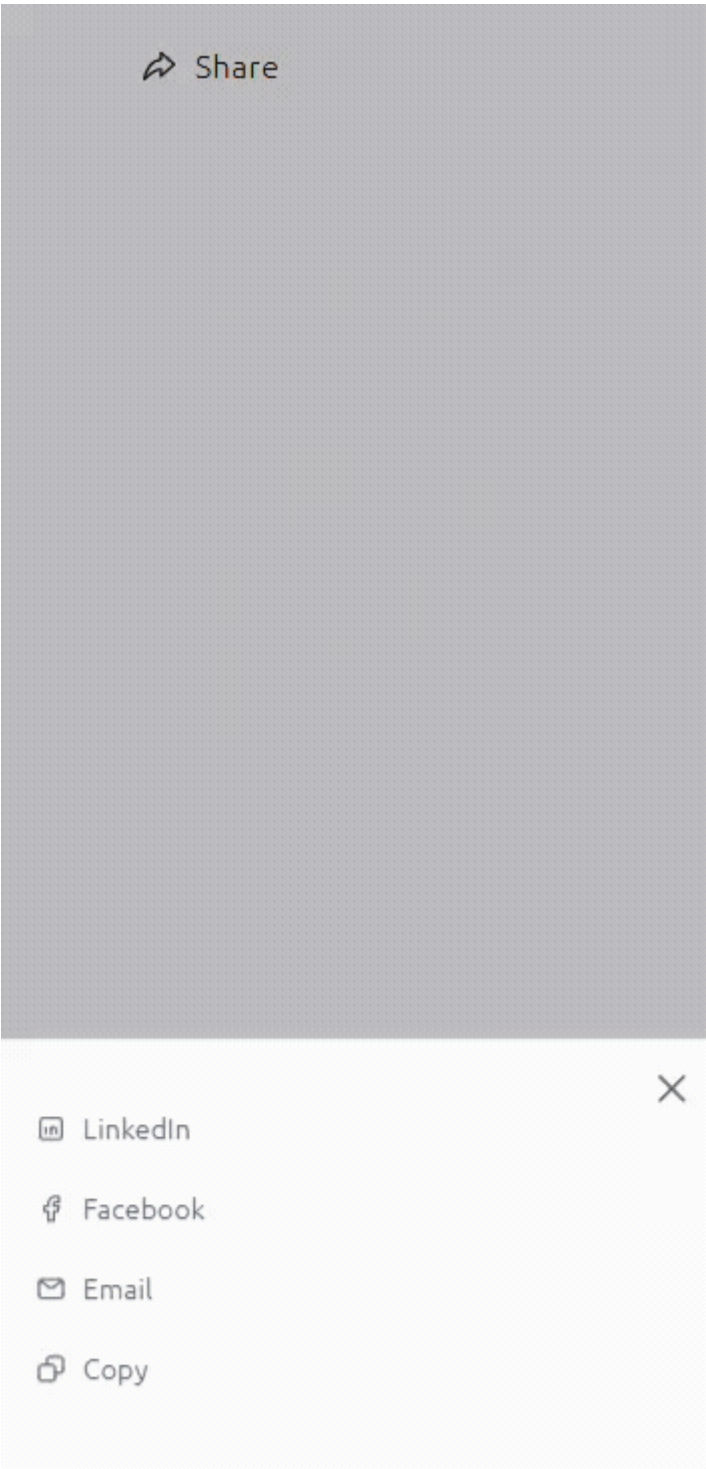

When tapped, the share menu opens in a bottom drawer.

While open:

- The rest of the screen is dimmed and locked using the `overlay-page-overlay` token to maintain focus on the download options.

Close the drawer by:

- Tapping the close button in the top-right corner.
- Tapping the dimmed area outside the drawer.
