

Video preview button

Pause or resume an auto-played video preview.

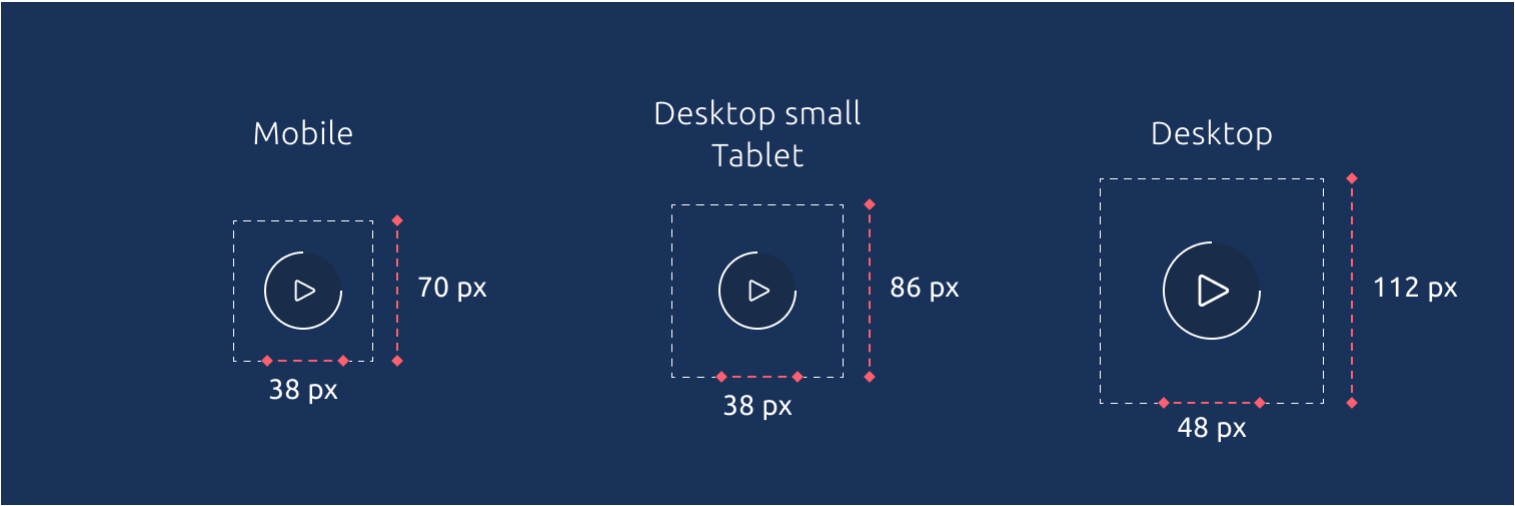

States

Media preview button variants come in four states: default, hover, focus, and pressed. To learn more about each interaction state, visit the [button guidelines](#).

Size

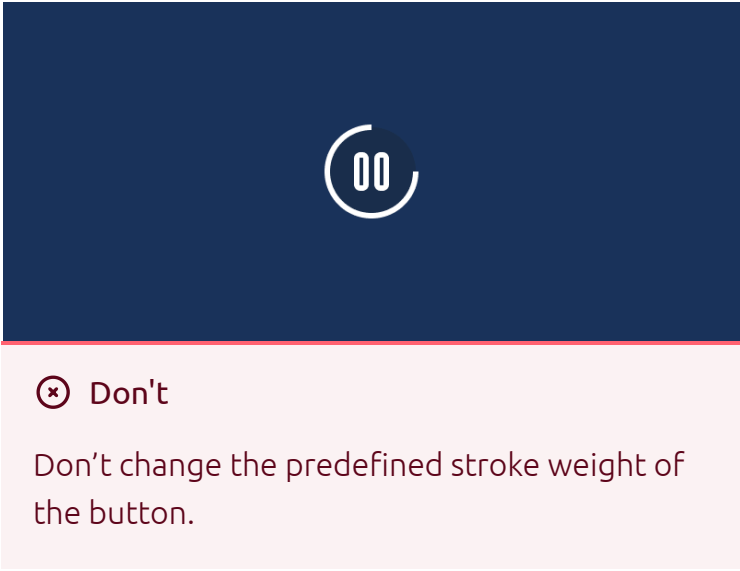

The size of the Media preview button adapts to the [viewport](#). Each button has a large padding to ensure they are easy to interact with.

Viewport	Dimensions	Padding (px)	Padding token	Target size
Mobile	38×38px	16px	spacing-xs	70×70px
Desktop small and tablet	38×38px	24px	spacing-s	86×86px
Desktop	48×48px	32px	spacing-m	112×112px

Stroke

Size	Element	Stroke
Mobile	All	1px
Desktop small and tablet	All	1px
Desktop	Icon	1.4px
	Progress circle	1px
	Focus ring	1px

Placement

The video control button should be placed at the bottom-right corner of the video frame. This ensures it does not obstruct the main content of the video while remaining easily reachable, especially on touch devices.

Color

Hover	rgba(0,0,0,0)	rgba(0,0,0,0)
Focus	Action Primary Default onPhoto	
Pressed	#ffffff	#ffffff
	Action Primary Default onHeavy	

⌕ Don't

Don't change the predefined colors of the Media preview buttons.
