- Usage

Make it real   heading-s-300

Make it real  font size 23px
letter spacing 4px

✔ Do

Always use text tokens with predefined values for font size, font weight, and line height to maintain typographic consistency and design coherence throughout the system.

We believe real progress happens when ideas are turned into action. We work side by side with organizations to bring innovation to life and to make change tangible.

At Capgemini, “Make it Real” is more than a promise, it’s how we work. We help clients move from vision to execution by blending strategic insight, technological expertise, and creative problem-solving. Our teams partner with

✔ Do

Ensure the text content width is sufficiently wide to support optimal readability.

We believe the future is built today.

At Capgemini, “Make it Real” is more than a promise, it’s how we work. We help clients move from vision to execution by blending strategic insight, technological expertise, and creative problem-solving. Our teams partner with

Turning bold visions into meaningful outcomes

We believe real progress happens when ideas are turned into action. We work side by side with organizations to bring innovation to life and to make change tangible. Our role is to connect strategy with execution so that businesses can

✔ Do

Align text content to the left to promote optimal readability and maintain a consistent visual structure.

✖ Don't

Do not detach the tokens and modify the font parameters.

At Capgemini, “Make it Real” is more than a promise, it’s how we work. We help clients move from vision to execution by blending strategic insight, technological expertise, and creative problem-solving. Our teams partner with

✖ Don't

Avoid overly narrow layouts that hinder legibility.

We believe the future is built today.
